

MEMORANDUM

TO: Mayor Jones and Members of the Board

FROM: Randi Gallivan, Town Clerk

DATE: September 6, 2018

RE: Pavement Stop Bars

HISTORY:

There are numerous intersections in Foxfield with stop signs where no white stop bar is present. This is particularly noticeable on major streets such as E. Easter Avenue and E. Hinsdale Avenue. There has been discussion that stop bars should be present at every stop sign.

DISCUSSION:

I have received quotes for 16 white stop bars, both paint and thermoplastic, from three companies:

	<u>Thermoplastic</u>	<u>Paint</u>
Foothills Paving & Maintenance		\$ 606.00 (this is for 13 bars)
Mile High Striping	\$2,702.40	\$1,400.00
Straight-Up Striping	\$3,578.00	\$ 400.00

Thermoplastic striping will last 4 to 6 times longer than paint. It is also more reflective. It is recommended for high-traffic roads. The paint is C-DOT approved traffic paint.

ATTACHMENTS:

Estimates from the above three companies for stop bars.

Proposal for:
Town Of Foxfield - Speedbumps
